### REMARKS

In response to the Communication from the Examiner, mailed July 6, 2000, forwarding a Notice to Comply With Requirements for Patent Applications Containing Nucleotide Sequence and/or Amino Acid Sequence Disclosures, Applicants herewith submit a substitute paper copy Sequence Listing comprising one (1) page entitled "Sequence Listing" and a substitute diskette containing the substitute sequence listing in computer readable form as required by 37 CFR 1.821(e).

By the present amendment, Applicants are directing the entry of the accompanying substitute paper copy of the Sequence Listing for this application. The sequences listed in the substitute paper copy correct an obvious error in the initial paper copy and CFR submitted in this application, which error was pointed-out to Applicants by the Examiner.

The information recorded in computer readable form is identical to the written sequence listing.

This submission filed in accordance with 37 CFR 1.821(g) does not include new matter.

No fee is believed due in connection with this Amendment. If any fee or fees are due, however, the Patent and Trademark Office is hereby authorized to
